For the past four years, author Aldous J. Pennyfarthing has dogged the Abominable Showman with his caustic brand of wit and ribaldry, and now it's finally time to bid a cheerful goodbye. In this fourth and final installment of his acclaimed series, Pennyfarthing picks up where he left off with the Amazon best-selling books "Dear F*cking Lunatic," "Dear F*cking Moron," and "Dear Pr*sident A**clown," skewering Donald Trump's boundless ego, bottomless stupidity, and brazen incompetence.

AJ Pennyfarthing will continue to resist and respond to political shenanigans, obstruction, and nefarious policies of the declining Republican party and the corporate sponsors that hold too much power over the people of this beloved country. In addition, Pennyfarthing plans to expand his political observations to meet the needs of his increasing British fan base. No evildoers will be spared from Pennyfarthing's quill.
