

Aesthetic Septorhinoplasty: Enhancing Your Nose with Dra Johanna Behrens

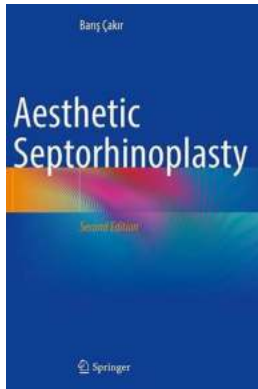

Are you unhappy with the appearance of your nose? Are you looking for a skilled professional who can help you achieve the aesthetic nose of your dreams? Look no further because Dra Johanna Behrens is the expert you need! With her expertise in aesthetic septorhinoplasty, she has transformed countless noses, bringing joy and confidence to her patients. In this article, we will explore the world of aesthetic septorhinoplasty and how Dra Johanna Behrens can help you achieve your desired results.

What is Aesthetic Septorhinoplasty?

Aesthetic septorhinoplasty, also known as cosmetic nose surgery, is a procedure that focuses on enhancing the appearance of the nose while correcting any functional issues that might be present. It involves reshaping the nose by modifying the bone structure, cartilage, and soft tissues. This surgical procedure

can address a wide range of concerns, including a crooked nose, a hump on the bridge of the nose, a bulbous or droopy tip, or any other aesthetic concern that may bother you.

The Precision Expert: Dra Johanna Behrens

When it comes to aesthetic septorhinoplasty, selecting the right surgeon is crucial. This is where Dra Johanna Behrens shines. With her years of experience and specialized training, she has earned a reputation as one of the best aesthetic surgeons in the field. Dra Behrens combines her technical expertise with a keen eye for beauty to create natural-looking results that perfectly harmonize with your facial features.

Dra Behrens truly understands the importance of personalized care. She takes the time to listen to each patient's unique goals and concerns, ensuring that the final results exceed expectations. Her attention to detail and commitment to perfection has made her a trusted expert in the field, with patients often referring their friends and family to her for their septorhinoplasty needs.

Why Choose Dra Johanna Behrens?

There are several reasons why choosing Dra Johanna Behrens for your aesthetic septorhinoplasty is a smart decision. Here are just a few:

1. **Expertise:** With years of experience and specialized training, Dra Behrens has mastered the art and science of aesthetic septorhinoplasty. Her knowledge and skills enable her to deliver outstanding results tailored to each patient's unique needs.
2. **Natural-Looking Results:** Dra Behrens believes in enhancing your natural beauty rather than completely altering your appearance. She strives to create results that look natural and harmonious, ensuring that your nose fits seamlessly with the rest of your facial features.
3. **Individualized Approach:** Dra Behrens recognizes that each patient is unique. She takes the time to understand your goals, concerns, and expectations, tailoring the surgical plan accordingly. This personalized approach ensures that your results align with your desires.
4. **Safe and Cutting-Edge Techniques:** Dra Behrens stays updated with the latest advances in aesthetic septorhinoplasty. She utilizes state-of-the-art techniques and tools to ensure maximum safety and optimal outcomes for her patients.
5. **Compassionate Care:** Dra Behrens and her team are dedicated to providing a supportive and caring environment for all patients. From the initial consultation to the post-operative follow-up care, they prioritize your comfort and well-being throughout the entire process.

The Aesthetic Septorhinoplasty Process

If you're considering aesthetic septorhinoplasty with Dra Johanna Behrens, it's important to understand what to expect during the process. Here is a general

overview of the steps involved:

1. **Consultation:** During your initial consultation, Dra Behrens will evaluate your nose, discuss your goals, and address any concerns you may have. She will also explain the surgical techniques she plans to use.
2. **Surgery Day:** On the day of the surgery, you will be comfortably placed under anesthesia. Dra Behrens will then make discreet incisions inside or outside the nose, depending on the complexity of the case. She will carefully reshape the bone and cartilage to achieve the desired aesthetic outcome.
3. **Recovery:** After the surgery, you will have a splint on your nose to support the newly shaped structure. Mild bruising and swelling are normal and will gradually subside over time. Dra Behrens will provide detailed post-operative instructions to ensure a smooth and comfortable recovery.
4. **Follow-Up Care:** Dra Behrens will closely monitor your healing progress and schedule follow-up appointments to remove the splint and discuss any concerns you might have. She will provide guidance on how to take care of your nose and optimize your final results.

Transform Your Nose Today!

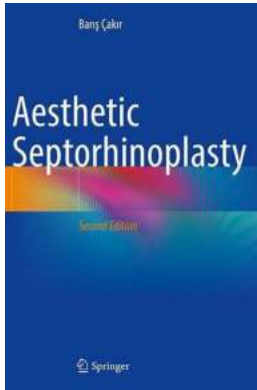

If you're ready to enhance the appearance of your nose and boost your confidence, don't hesitate to contact Dra Johanna Behrens. With her expertise, precision, and compassionate care, she will guide you through your aesthetic septorhinoplasty journey. Say goodbye to your nose insecurities and hello to a more beautiful you!

This superbly illustrated book describes how techniques previously developed by Dr. Rollin Daniel for use in open rhinoplasty can be adapted for use in the closed approach. It is the author's opinion that this combination offers greater feedback during surgery, a shorter recovery period and absence of scar. Full explanation is provided of preoperative preparation, including evaluation of the nasal surface aesthetics using the concept of geometric polygons as aesthetic subunits to define both the existing deformity and the aesthetic goals. The surgical techniques developed and modified to achieve the desired surface appearance are then described step by step with the aid of a wealth of color photos. It is illustrated how the novel dissection and redrape control methods reduce the healing time and enhance outcome and an extensive series of case analyses is presented to document the benefits of the approach. The book is written in a "cookbook format" that will enable plastic surgeons quickly to learn how to utilize the closed approach to rhinoplasty to optimal aesthetic benefit.
