Print length : 226 pages

Expanding Horizons: Journeying Through the Coursebook

The coursebook is divided into six sections that gradually delve deeper into the intricate relationship between law and economics:

1. : Understanding the fundamentals of law and economics, including its history, perspectives, and essential theories.
2. Foundations of Economic Analysis: Examining the core economic concepts that underpin the study of law and economics, such as supply and demand, market equilibrium, and cost-benefit analysis.
3. The Economics of Legal Systems: Analyzing how different legal systems, such as common law, civil law, and regulatory law, intersect and interact with economic factors.
4. Legal Issues in Market Regulation: Investigating the role of regulation in various markets and the economic implications of different regulatory approaches.
5. The Economics of Crime and Punishment: Understanding the economic analysis of criminal law, including the deterrence theory, cost-benefit analysis of punishment, and the allocation of law enforcement resources.
6. Selected Topics: Exploring the economic analysis applied to specialized fields of law, such as environmental law, intellectual property, antitrust, and corporate law.

Unlocking the Real-World Applications

One of the key strengths of the Aspen Coursebook is its emphasis on practical applications. By integrating real-world examples and case studies, the coursebook bridges the gap between theory and practice. This approach allows students to gain a comprehensive understanding of how economic principles shape legal policies and how legal rules impact economic behavior.

Why Choose This Coursebook?

The Aspen Coursebook stands out among similar resources for several reasons:

- **Expert Authors:** Written by leading authorities in the field of law and economics, the coursebook offers authoritative insights.
- **Comprehensive Coverage:** The coursebook covers all essential aspects of law and economics, enabling readers to acquire a deep understanding of the subject.
- **Accessible Language:** Complex concepts are explained in clear and concise language, making the material accessible to readers of all levels.
- **Updated Content:** The Aspen Coursebook is regularly revised and updated to incorporate the latest developments and advancements in the field.
- **Interactive Learning Tools:** The accompanying online resources, including case analyses, study guides, and review questions, enhance the learning experience and facilitate active engagement with the material.

Embark on the Journey Today

If you are eager to embark on an intellectual journey that explores the fascinating synergy between law and economics, the Aspen Coursebook is the ideal companion. Whether you are a law student, economist, policymaker or simply intrigued by these converging domains, this coursebook will equip you with the knowledge and analytical tools necessary to comprehend the multifaceted nature of law and economics.

Distinguished by brevity, lucid writing, and well-chosen examples, *An Introduction to Law and Economics*, now in its Fifth Edition, focuses on a set of core topics that include property, contracts, torts, criminal law, and litigation. Avoiding specialized jargon and mathematics, Polinsky teaches students how to think like an economist and understand legal issues from an economic perspective.

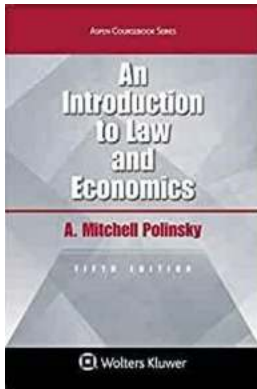

New to the Fifth Edition:

- A streamlining of the products liability chapter
- A revised discussion of the redistributive effects of legal rules to reflect more recent scholarship on this topic
- The addition of several other refinements in the text and in new footnotes
- An updated bibliography

Professors and students will benefit from:

- Solid coverage of relevant economic principles
- A normative approach that illustrates how to assess legal rules and policies in terms of economic and social goals

- Clear explanations of concepts
