

# An Unapologetic Patriot Takes On The Insanity Of Today's Woke World

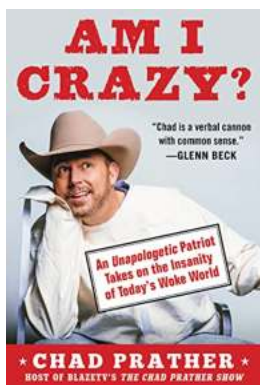

The world is changing rapidly, and with it comes a tide of new ideologies and social movements. One such movement that has gained significant attention in recent years is the concept of being "woke." The woke culture encourages individuals to develop an awareness of social issues, particularly those related to

identity, race, and privilege. While this may sound positive in theory, it has brought about a plethora of absurdities and an alarming level of intolerance for opposing viewpoints.

## The Rise of Wokeness

Woke culture, also known as social justice activism, is characterized by its emphasis on political correctness, cancel culture, and the belief that anyone who disagrees with its ideology is inherently evil. It has infiltrated various aspects of society, including education, media, and even corporate policies. The woke movement claims to fight for equality and justice, but in reality, it often suppresses freedom of speech and thought.

## An Intellectual Rebellion

Enter the unapologetic patriot, an individual unafraid to challenge the insanity of the woke world. This patriot understands the importance of critical thinking and refuses to be swayed by the popular narratives imposed by woke activists. They

believe in embracing diverse perspectives and engaging in civil discourse rather than shutting down opposing opinions.

The unapologetic patriot acknowledges and respects historical achievements while recognizing that society must progress through open dialogue and honest conversations. They stand against the divisive tactics employed by the woke culture and advocate for unity and understanding, rather than creating further divisions.

## **The Absurdities of Woke Culture**

One of the major criticisms of woke culture is its tendency to prioritize feelings over facts. The unapologetic patriot understands that emotions should not dictate reality. While empathy and compassion are essential, they should not be used to silence differing viewpoints or to suppress freedom of expression.

Moreover, the woke movement promotes an obsession with identity politics, encouraging individuals to define themselves solely based on their race, gender, or sexual orientation. This narrow focus undermines the principle of individualism and creates divisions within society, discouraging unity and common goals.

Another concerning aspect of woke culture is the emergence of the cancel culture phenomenon. Cancel culture refers to the act of boycotting or ostracizing individuals who have expressed opinions or made mistakes deemed unacceptable by the woke community. This mob mentality stifles intellectual growth, demonizes dissent, and discourages people from engaging in meaningful discussions.

## **Moving Towards Sensible Discourse**

The unapologetic patriot embraces the virtues of critical thinking, logic, and evidence-based analysis. They refuse to be swayed by emotional manipulation and base their arguments on sound reasoning and evidence. By engaging in open dialogue and respectful conversations, they aim to bridge the gaps between differing worldviews and promote understanding and unity.

It is important to remember that being a patriot does not mean supporting blind nationalism or disregarding the flaws of one's country. Rather, it entails a deep love for the core principles and values that a nation stands for, such as liberty, justice, and equality.

The unapologetic patriot acknowledges that no society is perfect, but understands that progress can only be achieved when individuals are allowed to freely express themselves, challenge existing beliefs, and work together towards a better future.

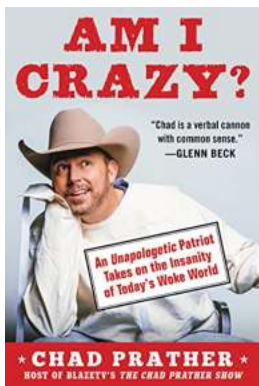

## **The Future of Freedom**

In the face of the woke culture's dominance, the unapologetic patriot stands as a symbol of hope. They continue to fight for intellectual freedom, recognizing that a society that suppresses dissent and punishes free thought is destined to stagnate.

As we navigate through the uncertainties of the 21st century, let us embrace the ideals of the unapologetic patriot and strive to create a world where diverse perspectives are celebrated, open dialogue is encouraged, and true progress is achieved through understanding and unity.

The woke world we live in today may seem overwhelming at times, with its twisted narratives and intolerance for dissenting opinions. However, the unapologetic patriot reminds us that we must not succumb to the insanity. We

must continue to question, challenge, and seek truthful and sensible discourse, for that is the only way we can truly progress as a society.

**"Chad is a verbal cannon with common sense." — Glenn Beck**

**"This book is classic Chad Prather, which is to say insightful, manly, funny—absolute must read!" — Dinesh D'Souza**

**"The World needs Chad Prather more than ever. He's a throwback to a saner and more fun-loving America. His rants are OUR rants." — Charlie Kirk**

**"In a time when we are constantly lectured by powerful elites, Chad Prather brings a much needed common sense sanity to the political landscape. I unapologetically endorse this patriot." — Dave Rubin**

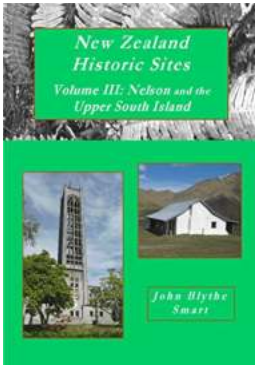

Chad Prather — "a modern-day Will Rogers" — is just your friendly neighborhood cowboy philosopher, gazing into the sweet tea leaves at the bottom of his cowboy hat, pondering a most fundamental question: "Am I crazy? Or is the world crazy...?" Chad finds life amusing, baffling, sometimes heartwarming, and

downright interesting, and wants to share personal stories and witty observations on the hasty growth of insanity within the folds of society, and inspire critical thinking about the state of our modern culture.

In this series of humorous essays — reminiscent of the rants he is famous for doing from his truck in Texas — Chad takes on all the problems he has with the modern age, and also talks about some of the problems that we have with each other. Problems with kids, problems with spouses, problems with our bosses at work, and of course problems with all those other jackwagons we work with. What are some of the basic things you need to know if you're going to survive marriage and parenthood? Whatever happened to decency, hard work, and a sharing of the basic values that made us great in the first place? When did it become unfashionable to believe in God, to go to church on Sunday, or to send our "thoughts and prayers" toward those having a difficult time? When did it become child abuse to spank your kids, instead of child abuse to avoid it? Why do we have such visceral reactions to politics when — by and large — we know so little about how it actually works? When is social media going to finally stop messing around and just bring the full-on possession? And why is it that, as we march further and further along the road of progress — growing our collective knowledge and technological means of dealing with life along the way — we seem to be regressing socially at an equally break-neck pace?

**AM I CRAZY?: An Unapologetic Patriot Takes on the Insanity of Today's Woke World** explores human misbehavior and stupidity in all its naked splendor with laugh-out-loud humor.
