In an era where ancient myths and folklore often fall prey to obscurity, there comes an individual who strives to keep the flame of heritage alive. Bryan Wilton, the driving force behind the Asatru Awakening movement, is leading a modern-day revival of Norse mythology and the spiritual practices embedded within it. With a passion for history and a dedication to empowering individuals, Wilton's influence is reigniting the ancient gods within the hearts of many.

Asatru Awakening, also known as Heathenry, is a spiritual movement that embraces the belief system of the ancient Norse people. This path encompasses the worship of gods such as Odin, Thor, and Freya, alongside the rituals, traditions, and values that defined Norse culture. Wilton, a self-proclaimed Norse enthusiast since his childhood, stumbled upon Norse mythology through an old family heirloom – a weathered copy of the Poetic Edda.

The awakening for Wilton began when he delved into the rich tapestry of stories that make Norse mythology so captivating. From the creation of the cosmos to tales of heroism and epic battles, the world of the Vikings opened before his eyes. Inspired by the unshakeable spirit of his ancestors, Wilton felt a calling to share this knowledge with the world and help others explore their heritage.

The Asatru Awakening initiative was born out of Wilton's desire to create a platform for like-minded individuals to connect, learn, and celebrate their shared heritage. Through online forums, workshops, and gatherings, he built a community that shares a deep reverence for the Æsir and Vanir, the pantheon of gods in Norse mythology.
