An underpaid, overworked Certified Flight Instructor cheats death while attempting to teach a cast of incompetent student pilots to fly at a skeezy South Florida flight school; all in the quest to build flight time so he can get a “real job” at an airline. The planes break, the regs break, metal gets bent, students are lost at sea, and a Top Gun wannabe student, who has four hundred hours of flight instruction, still hasn’t made his first solo flight. “CFI! The Book” is an over-the-top satirical aviation comedy that’s loosely based on real world experiences of flight instruction, but if the FAA asks, this is all strictly fictional.
