I am Japanese. I am not a native English speaker. Please forgive me if my pronunciation and grammar are wrong. I love to connect with people from all over the world.

This e-book is a version of a Udemy course with additions, corrections, and some abbreviations. If you prefer videos, please use Udemy. Nice to meet you all. My name is Shota.

I've been working with Adobe Creative Cloud

- Lightroom Classic
- Photoshop
- Illustrator
- Premiere Pro
- After Effects

This course is a brief to the features of what is not covered in this course are details and comparisons of the applications .Audio explanations are kept to a minimum, and the actual process is shown in video format. I do not provide detailed explanations, so I recommend playing the video at double speed. It would be helpful if you could use some of the Adobe Creative Cloud apps. It's also possible to work on the side. The side hustles you can do with Adobe Creative Cloud are pretty low-risk. There is a vast amount of functionality available in the individual apps. I hope this gives you an idea of what you can do and what you might be interested in.
