HIP-HOP (AND OTHER THINGS) is about, as it were, rap, but also some other things. It's a smart, fun, funny, insightful book that spends the entirety of its time celebrating what has become the most dominant form of music these past two and a half decades. Tupac is in there. Jay Z is in there. Missy Elliott is in there. Drake is in there. Pretty much all of the big names are in there, as are a bunch of the smaller names, too.

There's art from acclaimed illustrator Arturo Torres, there are infographics and footnotes; there's all kinds of stuff in there. Some of the chapters are serious, and some of the chapters are silly, and some of the chapters are a combination of both things. All of them, though, are treated with the care and respect that they deserve.

HIP-HOP (AND OTHER THINGS) is the third book in the (And Other Things) series. The first two—Basketball (And Other Things) and Movies (And Other Things)—were both #1 New York Times bestsellers.
