A Doctor's Double Life:

Dr. John Mills, a highly respected physician in the small town of Greenfield, seemed like an ordinary doctor on the surface. However, beneath his calm and gentle demeanor, he led a secret life as a contract killer for one of the most notorious criminal organizations in the country.

Mills was not your typical hitman. With his vast medical knowledge, he developed an ingenious method of disposing of his victims, making it look like natural causes or accidents. No one suspected a thing, until a series of mysterious deaths caught the attention of seasoned detective, Laura Thompson.

Uncovering The Motorcycle Gang:

As Detective Thompson delved deeper into her investigation, she stumbled upon a hidden network that controlled the criminal underworld – a notorious motorcycle gang known as "The Phantom Riders." The gang's members, equipped with their signature black leather jackets and roaring motorcycles, were involved in drug trafficking, extortion, and even murder.

The gang's leader, Jack "The Falcon" Adams, was a mastermind who ran the gang with an iron fist. With his cunning tactics and ability to manipulate people, Adams remained one step ahead of the law. But Detective Thompson was determined to bring him down and expose the truth.

An Unlikely Alliance:

As the investigation progressed, fate brought Dr. Mills and Detective Thompson together. Recognizing each other's skills and shared objective, they formed an unlikely alliance to take down the motorcycle gang and reveal the doctor's unimaginable secret.

Their efforts were not without risks. The motorcycle gang was relentless in protecting their empire, and their connections reached high ranks in law enforcement. With danger at every turn, Dr. Mills and Detective Thompson had to be strategic in their pursuit of justice, while also staying one step ahead of their adversaries.

The Epic Showdown:

With the tension building up and the stakes higher than ever, the final confrontation loomed on the horizon. Driven by the pursuit of truth and justice, Dr. Mills, Detective Thompson, and their team gathered every piece of evidence, leaving no stone unturned.

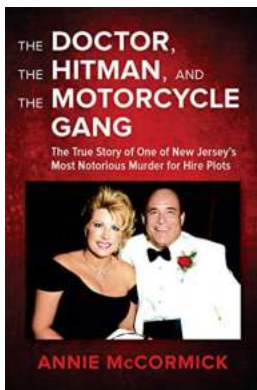

As they infiltrated the heart of the motorcycle gang, an epic showdown took place. With each passing moment, the true extent of the doctor's involvement in the criminal underworld became shockingly clear. It was a battle of wits, strength, and resilience, where the lines between good and evil blurred.

He had a license to prescribe and a motive to kill.

A prominent New Jersey doctor and members of a notorious outlaw motorcycle gang transform the doctor's office into a drug ring pumping thousands of highly addictive opioid pain pills onto the streets in exchange for cash. Everything was going smoothly until one person discovered their plan: the doctor's wife. When she threatened to divorce him, the doctor's unholy alliance with his partners in crime turned deadly and the doctor hired a hitman to kill her.

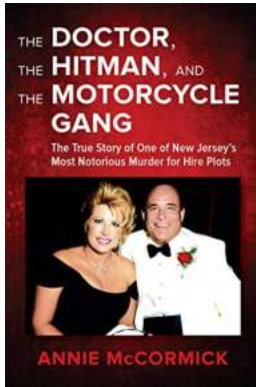

The Doctor, The Hitman, and The Motorcycle Gang is the true story of the murder of April Kauffman, a beloved and vivacious local radio personality and veterans' advocate who was found shot to death in the bedroom of her home in Linwood, the affluent town just outside Atlantic City, New Jersey, in May of 2012. In the

months leading up to her death, she had uncovered a tangled web of deceit surrounding her husband. She feared he was trying to kill her and that he may harm her family.

Her daughter, Kim Pack, never doubted her stepfather Dr. James Kauffman was responsible somehow. Reporter Annie McCormick met Kim Pack on the first anniversary of Kim's mother's murder. Over the next five years, McCormick tracked the case even as few clues emerged. She continued to gather information, sorting through gossip, rumors and facts to uncover the doctor's web of lies.

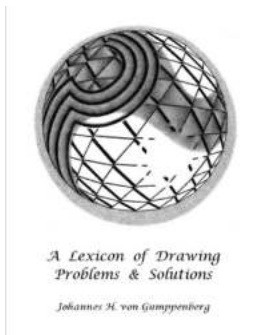

Dr. Kauffman shunned the media and his stepdaughter, moving on with his life in the very same town. Meanwhile, investigators uncovered how the doctor worked with the outlaw motorcycle gang, the Pagans, to run a prescription pill mill out of his New Jersey Office. More illegal deeds would catch the attention of The FBI and DEA. The twists and turns of Dr. Kauffman's lies and schemes would leave Kim Pack, her tight-knit New Jersey community, and even investigators shocked.

The murder case, which has received national attention, was the subject of a 20/20 episode on ABC in the spring of 2018. McCormick details the investigation that dragged on for years until investigators caught an unexpected break that sparked a string of arrests including the arrest of the doctor and several former members of The Pagans. Nearly six years later, authorities charged her husband, Dr. James Kauffman, with her murder. In 2018, a jury convicted a former leader of the Pagans Motorcycle Club with helping to carry out the murder. McCormick includes never before seen or heard details from the investigation through her years of covering the case and she documents the relentless search for justice by April's family, friends, and her daughter.
