The young Johnson displayed exceptional intelligence and was known for his charisma, making him a popular figure among his peers. In 2008, Johnson's ambitions led him to run for the position of Mayor of London. Despite initial skepticism, he won the election, becoming the face of the city. As Mayor, Johnson implemented various initiatives, including the of "Boris Bikes"

and improvements to public transportation. However, his time as Mayor was not without controversy, as he faced criticism for his handling of certain incidents, such as the London riots in 2011.

The Brexit Campaign:

One of Johnson's most significant political moments came in 2016 when he played a leading role in the campaign for the United Kingdom to leave the European Union, commonly known as Brexit. Johnson's charismatic speeches and the promise of an independent Britain resonated with a significant portion of the population, leading to a historic referendum result in favor of leaving the EU.

Johnson's involvement in the Brexit campaign positioned him as a prominent figure within the Conservative Party, earning him the nickname "Brexiteer-in-Chief." His popularity continued to rise, and in 2019, he was elected as the leader of the Conservative Party and succeeded Theresa May as the Prime Minister of the United Kingdom.

Prime Minister Boris Johnson:

Becoming the Prime Minister of the United Kingdom was the pinnacle of Johnson's political career. However, his time in office has been marked by significant challenges, including the ongoing Brexit negotiations and the COVID-19 pandemic. Critics argue that his leadership style, characterized by bold promises and occasional brashness, has been divisive.

Through it all, Johnson has maintained his distinct personality, often making headlines for his colorful language and unorthodox behavior. From his infamous hairstyle to his witty remarks, he continues to captivate the public's attention and polarize opinions.

A major and controversial new biography of one of the most compelling and contradictory figures in modern British life. Born Alexander Boris de Pfeffel Johnson, to most of us he is just 'Boris' – the only politician of the age to be regarded in such familiar, even affectionate terms. Uniquely, he combines comedy with erudition, gimlet-eyed focus with jokey self-deprecation, and is a loving family man with a roving eye. He is also a hugely ambitious figure with seemingly no huge ambitions to pursue – other than, perhaps, power itself. In this revealing biography, written from the vantage point of a once close colleague, Sonia Purnell examines how a shy, young boy from a broken home became our only box-office politician – and most unlikely sex god; how the Etonian product fond of Latin tags became a Man of the People – and why he wanted to be; how the gaffe-prone buffoon charmed Londonders to win the largest personal mandate Britain has ever seen; and how the Johnson family built our biggest – and blondest – media and political dynasty. The first forensic account of a remarkable rise to fame and power, *Just Boris* unravels this most compelling of political enigmas and asks whether the Mayor who dreams of crossing the Thames to Downing Street has what it takes to be Prime Minister.
