Biographers including his daughter, Jaroslava, allude or directly state that Mucha, notably in his later years, wanted to be known more for his great works of art, rather than for his commercial endeavours

The only flaw in this plan, was that he produced flawless commercial works with as much attention to detail and quality for everything that he did

Jailed by the Nazi, his life was shortened, but Mucha still leaves a broad legacy of work that even today is fondly admired

This title attempts to select a broad sampling of Alphonse Mucha's commercial endeavours. Sadly space was restricted and much of the work is sadly under represented; in particular, architectural, jewelery and other functional items
