Welcome to the game of Authorials, the collectible ebook game. In Authorials, each player pits their ebook vs an opponent's ebook in an attempt to make the other player turn more "chapters" forward. The first player to the end of their ebook loses. This book contains all the rules to play the game, plus 1 ebook to use in your battles.

** About Noel Chance and the Marauder:

Littered among the free books online, sat the deceptively simple Noel Chance novellas. You downloaded one just to see if they were any good. With Marauder,

you followed Noel into a labyrinthine tale of hard sci-fi space deals, laser gun fights, and quirky sense of humor. It wasn't bad for a first time author, really. What hooked you, though, was the strong character of Noel and how he always had some kind of swindle to get himself out of a jam.

Laugh out loud dialog and the people of Noel's world has made this free download a great addition to your arsenal. Hopefully you can use it as deviously as Noel would.
