History and Legends

The presence of witches in West Memphis dates back several centuries, with stories passing through generations. Local folklore speaks of a coven of witches who settled in the dense forests surrounding the city, drawn by the rich natural energy that permeates the area. Legend has it that these witches possessed immense power and were known to harness the forces of nature to achieve their aims.

According to historical accounts, the witches of West Memphis were not wicked beings, but rather practitioners of a forgotten form of magic rooted in harmonizing with the elements and protecting the natural world. They were revered by some and feared by others, leading to tales of both admiration and cautionary tales.

Dark Rituals and Mysterious Happenings

Whispers of dark rituals performed by the coven have echoed throughout the city. Claims of witnessing gatherings in moonlit clearings, with chants and spells filling

the air, have fueled the imagination of the curious. Local historians have documented accounts of unexplained phenomena occurring near these supposed ritual sites, including strange lights and eerie sounds.

Many residents of West Memphis claim to have encountered the witches themselves. Some attest to seeing shadowy figures roaming the woods, their presence leaving an indescribable sense of foreboding. Others have reported instances of supernatural intervention, where a spell seemed to reverse a dire situation or where an unexpected twist of fate seemed to be guided by an invisible force.

Suspicions fell on the witches, and a series of trials ensued, fueled by hysteria and the desperation to rid the community of supernatural forces.

The trials were marred by prejudice and frenzy, resulting in several innocent lives being lost. Even today, the echoes of injustice can still be heard within the walls of West Memphis. Many believe that the spirits of those wronged still linger, seeking closure and justice for the travesties they endured.

Witches in West Memphis: The West Memphis Three and another false confession

This might be the most unjust prosecution in U.S. legal history. If you think what happened to Steven Avery in the true crime film *Making a Murderer* was shocking, you will be completely appalled by what happened to three little boys and three teens in Arkansas in 1993.

Three 8-year-old boys vanished from their West Memphis neighborhood one sunny afternoon. A day later their mangled, nude bodies are found in a drainage ditch. Police and prosecutors believe the killings are related to the occult. Three teens are arrested one month later. Damien Echols, Jason Baldwin, and Jessie Misskelley Jr. are convicted.

There's only one problem. Overwhelming scientific evidence proves they're innocent and witness after witness has come forward to admit lies were told in court during the original trials.

Award-winning journalist George Jared takes readers inside one of the most famous criminal cases in U.S. legal history. *Witches in West Memphis* gives a comprehensive insiders' view into the West Memphis Three case. No journalist has written more stories about the case than Jared.

The author recounts his firsthand court coverage, interviews with witnesses, research, and other information he gathered in the case. Those interviews include a Death Row interview with Damien Echols, interviews with Jason Baldwin, and Jessie Misskelley Jr., and interviews with other suspects, including Terry Hobbs. He's been credited in numerous documentaries including the Academy Award nominated film *Paradise Lost III: Purgatory* and the New York Times best seller *Life After Death*.

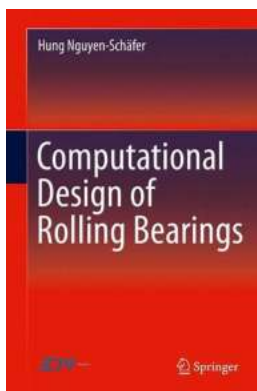

Witches graphically recounts how three Boy Scouts – Stephen “Stevie” Branch, Michael Moore, and Christopher Byers – rode their bikes after school on a bright afternoon. Their bodies are found in a wooded area near their homes the next day. The manner of death and the way they were bound, ankle to wrist, made authorities think Satanists might have sacrificed the children.

Echols, a troubled teen with a seedy past, was immediately identified as a

possible suspect. His best-friend, Jason Baldwin, and another teen known to them, Jessie Misskelley Jr., are arrested June 3, 1993. They are charged with murder.

No real evidence tied the teens to the crime, but an error-riddled confession by Misskelley was the proof used to seal the verdicts in the case. Read how they, referred to as the West Memphis Three, toiled in prison for years as their case stagnated in the Arkansas judicial system. As time passed, overwhelming scientific evidence was discovered. Witnesses changed their statements. New suspects rose to the surface.
