This book is a companion to the novel *The Piper and the Fairy*, and a way of showing the inspiration behind it. It touches upon the themes I care about as a writer, Wicca, fairies, magic, and mental health. Most of the artwork in this book is my own, with a little help from two artist friends, Alban Low and Caroline Brown. The book mixes excerpts from the novel with original artwork inspired by the story, with a few nods to other projects I've been involved in.
