The Will Find You device is compact and lightweight, making it easy to attach to any item you want to keep track of. It uses GPS, Bluetooth, and Wi-Fi technologies to pinpoint the exact location of your lost belongings.

How Does Will Find You Work?

Once you have attached the Will Find You device to your item, simply download the Will Find You app on your smartphone. The app will connect to the device, allowing you to track its location in real-time.

When you realize that you've lost something, open the app and select the item from the list of connected devices. Will Find You will then start scanning the area for the device. If it's within the range of your smartphone's Bluetooth, the app will display the approximate distance between you and your lost item.

If the item is out of the Bluetooth range, don't worry. Will Find You has a built-in GPS tracker that can provide accurate location details even if it's miles away from you. You can view the device's current location on a map within the app, helping you to retrieve it in no time.
